VIRGINIA

2015 was another banner year for Southwest Virginia Medical Reserve Corps members. An extremely successful Drug Take Back which netted over 3,000 pounds to be destroyed was one of the highlights of the year. It was also great to work with fellow volunteers from Tennessee MRC units.

In 2016, volunteers will compete in the "Each 1, Bring 1" recruitment campaign. Each member who refers a friend to submit an application will receive a "token" of appreciation and then gifts will be given through-out the year for the 10th, 20th, etc. up to 100th!!! Start thinking about who you would want to work side-by-side with during a response.

Lastly, Members can expect to receive four quarterly exercise alerts which will need everyone's response. The alert subject line will read: "VVHS Alert Drill - YOUR Response is Required!" Make sure you respond as soon as it is possible.

Have a great year and thanks for ALL of the support.
